

# Acrylic glass badges

Proven high quality name tags

## plano

If you want to reflect your company's sophistication, the **plano** name tags from **badgepoint®** make an elegant impression. The timeless design of the clear name tags utilizes high-quality materials and high precision manufacturing. This self-labeled name card unites simple functionality with a perfect design. Guaranteed to be the perfect badge when your goal is exclusivity. As well as the patented **smag®** magnetic system the badge can obviously also be fitted with other fastening solutions.

- **smag®** "standard" and "extra" magnetic system
- pin, clip, rotated-combiclip, VARIO (pin+flaps)

The small **plano "quart"** format is ideal if you want to wear a name tag really discreetly, in the normal fashion. It is in fact the very discreet quality of this badge that makes it a real eye-catcher.

The Original

Attempts to copy **profil** have met with little success. The original remains unmatched in terms of quality and workmanship.

## profil

**profil**, the classic model from **badgepoint®** that has been tried and tested for years. The attractive curvature of the patent-protected glass-clear badge combines utmost style with practical handling. **profil** is completely functional and esthetically pleasing. After printing the labels on your PC, you simply insert them along the side. This ensures that the labels always remain fixed, even in difficult situations. The badge is guaranteed not to tilt and goes perfectly with all types of clothing.

**badgepoint®** recommends its patented **smag®** magnetic system for fastening available in two strengths for normal or extreme demands – or as part of a set. **profil** can obviously also be provided with alternative fastenings.

- **smag®** "standard" and "extra" magnetic system
- pin, clip, combiclip

- = self-inscription on the PC, name and logo flexible
- = logo preprinted, name flexible

skyline "classic"

The combination of high-quality acrylic glass, silk-screen back printing and a perfect laser cut makes skyline an especially attractive name tag.

## skyline

The skyline badge from badgepoint® offers excellent visual possibilities. The skyline "classic" badge can be manufactured with a custom contour, distinguishing the badge from standard rival versions with its very individual design. The high-quality acrylic glass transparent panel is silk-screen back printed and precision laser-cut. The self-labeled name cards are simply inserted into the integrated holder and can be exchanged at any time.

The name tag comes complete with the smag® magnetic system or a brooch pin ("promotion" also with pin or rotated-combclip).

- smag® "standard" and "extra" magnetic system
- brooch pin ("promotion" also with pin or rotated-combclip)

skyline "classic" from badgepoint® with custom contour and insert for self-inscribed name cards, or skyline "promotion", for pure logo print – two attractive and durable solutions.

High-quality acrylic glass and perfect imprint make skyline "classic" from badgepoint® a very robust and attractive name tag, even without a contour.

# plano

## Product features

- highly transparent acrylic glass
- flat construction through precision-bending technology
- tried-and-tested formats, suitable for any application:
  - plano 30** (75x30 mm) for name card 75x27 mm
  - plano 40** (75x40 mm) for name card 75x37 mm
  - plano "quart"** (40x40 mm) for name card 37x37 mm
- high quality workout with polished edges

## Fastenings

	PG I	PG II	plano 30	plano 40	plano "quart"
Magnet smag® standard*			○	○	○
Magnet smag® extra*			○	○	○
Pin	○		○	○	○
Plastic clip**	○		○	○	○
Rotated-combiclip		○	○	○	○
VARIO		○	○	○	

\* Not suitable for persons wearing pacemakers. Refer to "Declaration of No Objection" from the German Federal Office for Radiation Protection: [www.bfs.de/elektro/nff/andere\\_anwendungen.htm](http://www.bfs.de/elektro/nff/andere_anwendungen.htm)

Good solution to reflect your company's sophistication: the **plano** name tag

\*\*Standard: right lapel

The recessed grip on the side of the **plano** name tag makes it easy to replace name cards. The edges of the high-quality acrylic-glass name tag are laser-polished.

**Silkscreen printing on acrylic glass**

skyline name tags from badgepoint® are silkscreen backprinted. A final back print protects and seals the pre-printed motif. If custom design includes a contour it will be laser-cut, which also gives the edges of the acrylic name tag a final polish. The print of color scales and grid patterns is subject to inspection.
