

Fastening technology

Today, name tags are worn in many situations and for various reasons. Whatever the scenario, badgepoint® fastening technology is always a good solution.

Type		Material, function	Compatibility	Frontal view	Lateral view	Sit on clothing	Comments
smag® "standard" magnetic system		easy lift twist-proof	polar® 20, 30, 35 amigo® office 20, 30, 35, 40 aluline plano 30, 40 profil 20, 30, 40 skyline public 40, 60	 L x W = 41 x 17 mm	 H = 4 mm	 optimum sit	Recommendation: ideal for all normal materials.
smag® "extra" magnetic system		Completely encapsulated in plastic easy lift twist-proof	polar® 20, 30, 35 amigo® office 20, 30, 35, 40 aluline plano 30, 40 profil 20, 30, 40 skyline public 40, 60	 L x W = 41 x 17 mm	 H = 6 mm	 optimum sit	Recommendation: for heavy materials and extreme requirements.
smag® "universal" magnetic system			event 40, 60	 L x W = 40 x 14 mm	 H = 5 mm	 good sit	Magnetic pills offer secure hold as they are overmolded with plastic.
smag® "basic" magnetic system		twist-proof	public 40, 60	 L x W = 36 x 16 mm	 H = 3,5 mm	 optimum sit	The magnet is available as a spare or included in project supplies.
Brooch pin		Nickel-plated brass, with safety lock	polar® 35, 30 office 30, 40 skyline	 L x W = 41,5 x 25,5 mm	 H = 5 mm	 optimum sit	With support, for optimum sit on clothing.
Pin		Plastic with snap lock	polar® 20, 30, 35 amigo® plano 30, 40 profil 20, 30, 40 office 20, 30, 35, 40 event 40, 60 public 40, 60	 L x W = 40 x 12 mm	 H = 6 mm	 slight gradient	In white or black, depending on type of badge.
Tie clip		Nickel-plated brass,	polar® 20, 30, 35 amigo® aluline office 20, 35	 L x W = 43 x 8 mm	 H = 15 mm	 optimum sit	Assembly is done in the "lapel right" version. Other models on request. 
Plastic clip		Plastic, white	plano 30, 40 profil 20, 30, 40	 L x W = 24,5 x 12,5 mm	 H = 10.5 mm	 slight gradient	Assembly is done in the "lapel right" version. Other models on request. 
VARIO		Plastic white/black	plano 30, 40 public 40, 60 office 30, 40	 L x W = 65,5 x 28 mm	 H = 7,5 mm	 inclined/flat sit	Variable fastening for lapel or for insertion in a pocket. In white or black, depending on type of badge.
Combiclip		Metal/plastic	polar® 35 public 40, 60 profil 40 office 30, 40	 L x W = 25 x 14 mm	 H = 13 mm	 slight/strong gradient	Use of pin in exceptional cases only as it can lead to severe bending of the badge.
Combiclip mini		Metal/plastic	polar® 20, 30 profil 30	 L x W = 19 x 12 mm	 H = 14 mm	 slight/strong gradient	Use of pin in exceptional cases only as it can lead to severe bending of the badge.

Type		Material, function	Compatibility	Frontal view	Lateral view	Sit on clothing	Comments
Clip		Metal/plastic	polar® 20, 30, 35 event 40, 60	 L x W = 29 x 11,5 mm	 H = 14 mm	 optimum sit	Assembly is done in the "lapel right" version. Other models on request. 
Rotated-combiclip		Metal/plastic	public 40, 60 event 40, 60	 L x W = 21 x 15 mm	 H = 12 mm	 slight/strong gradient	Variable fastening to clothing thanks to clip rotation. Use of pin in exceptional cases only as it can lead to severe bending of the badge.
Rotated-combiclip with detent		Metal/plastic	polar® 30, 35 plano 30, 40 office 30, 40	 L x W = 21 x 15 mm	 H = 12 mm	 slight/strong gradient	Variable fastening to clothing thanks to clip rotation. The locking function means it sits securely. Use of pin in exceptional cases only as it can lead to severe bending of the badge.
Rotated-combiclip, metal-free		Plastic	event 40, 60	 L x B = 34 x 10 mm	 H = 12 mm	 slight gradient	Variable fastening to clothing thanks to clip rotation.
Suspension clip (HC-1)		Metal/plastic	office 30, 40 forum	 L x W = 50 x 15 mm	 H = 9 mm	 free sit	Delivery form by ordering forum name tags is unmounted.
Suspension clip, metal-free (HC-2)		Plastic	office 30, 40 forum	 L x W = 50 x 15 mm	 H = 9 mm	 free sit	Specially for healthcare
COMBO		Metal/plastic	office 30, 40	 L x W = 21 x 15 mm * H = 12 mm		 free/optimum sit	Variable fastening with suspension clip and/or brooch pin
Tape		Adhesive tape	office 20, 30, 40	for office 20 L x W = 15 x 49 mm	for office 30/40 L x W = 22 x 43 mm	 optimum sit	Self-adhesive fastening, e.g. for object labeling
Magnetic film		Magnetic film	office 20, 30, 40	for office 20 L x W = 15 x 49 mm	for office 30/40 L x W = 22 x 43 mm	 optimum sit	For attachment to metal surfaces
Lanyard		Metal/plastic	forum			 free sit	With secure lock in the neck area
Yoyo		Metal/plastic	forum			 free sit	With clip for easy mounting on a belt loop
