## event

**event** from badgepoint® is particularly suitable for participants at events, conventions, congresses or other happenings. By utilizing the innovative folding technique (DBGM - German federal utility patent), event is a low-weight three-dimensional badge that is extremely easy to handle. You simply insert the self-labeled name cards and attach them by closing the badge holder. The name tag is very affordable and attractive.

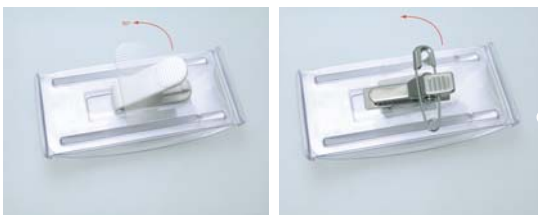

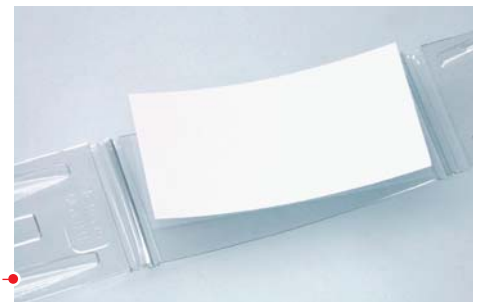

- smag® "universal" and "extra" magnetic system
- pin, clip, rotated-combclip, rotated-clip

event looks particularly good with sheets pre-printed on offset.

It is easy to assemble **event**. Insert name cards into the holder and fix by snapping shut. You can even swap cards when the badge is closed.

Rotated-clip and rotated-combclip, enabling variable fastening, are ideal for **event**.

## public

The inexpensive **public** badge from **badgepoint®** is an outstanding candidate for short-term applications, for example assistants, trainees or students. The combiclip or the variable magnet attachment makes public suitable for almost all types of applications or events. The self-labeled badge fastens the name card firmly and securely. The high-quality hard plastic covering ensures stability and legibility.

- smag® "standard" and "extra" magnetic system
- pin, combi-clip, rotated-combiclip, VARIO

**forum 60™ Lanyard™** is a popular, casual way of wearing a name tag at a trade fair or event.

**forum** is now also available with a yoyo fastening. This means that the badge securely fastened, it still being possible to quickly produce it for ID checks and the like.

## forum

At large events such as congresses and conferences the use of plastic sleeves as name tags has been established as the simple standard solution. The **forum** name tag from **badgepoint®** with its universal clip attachment or its clothing-independent strap solution is a tried and tested solution that satisfies all event professionals.
